MEMORANDUM FOR: Deputy Director (Intelligence) ✓
Attn: Director, NPIC

Deputy Director (Support)

SUBJECT : NPIC Workload

1. On 30 April the DCI again expressed his concern at the NPIC workload, making particular reference to the answer given by Mr. Lundahl at the high level briefing which he presented on Saturday, April 28, to the effect that it presently takes three to four days for a preliminary read-out and three months for a complete processing. The DCI pointed out that with the acceleration in the number of shots, we might suddenly find ourselves with a great backlog. The DCI is concerned about this prospect, and if there is a developing backlog suggests a division of the burden between NPIC, SAC, and possibly ACIC.

2. The purpose of this memorandum is to alert you as to his concern and to the thoughts he has for avoiding a backlog.
